

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

November 9, 2010

Dear Friends;

This Thursday, in observance of Veterans' Day, our local war/service veterans from Honeoye Falls Post 664 will conduct their annual ceremony at the four corners of Honeoye Falls. This is one of the simple but meaningful ceremonies that helps make our community what it is. Please take the time to meet at the four corners (Main Street & Monroe) and take part in this wonderful event. Remember, thank a veteran (every day), not just on November 11th!

Our Village Highway/DPW staff has been busy with leaf pick-up and I want to thank them for their efforts. Please try to get your leaves raked and out to the road as early as possible this year. Leaf pick-up officially ends right after the Thanksgiving Holiday.

Although it seems like we're going to have a good week weather wise, please remember that the cold weather and yes, even the white stuff, is on the way. Take time to check out your car early and get your self prepared for the inclement weather that will soon be on its way. Take extra time in traveling through our community and be prepared for slippery roads. While the Village plows the sidewalks and roads, your help in keeping walkways clean is a safety bonus for our children walking to school and for those pedestrians walking in our community.

Best regards,
Rick Milne
Mayor, Village of Honeoye Falls
