

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

March 17, 2011

Happy St. Patrick's Day! We hope all can enjoy a great St. Patrick's Day celebration and that your travels are safe wherever they take you.

Many have seen and commented on the land grading on West Main Street preparation for the new Tractor Supply building has begun and progress will continue.

We are excited about this new development and that which we hope will follow.

Your Village staff continues to work on finalizing the Village budget and we expect that to be publicized within the next couple weeks. Right now our budget looks very solid and we expect a 0% increase with no increase to sewer rental fees for the third straight year.

LasUy; as a note to our Village Business Owners. I'd like your direct feedback on what you feel will help your business compete, grow and flourish in our village. I'm looking for both positive feedback on what is happening as well as concerns you have on what needs to happen and may not be at this time. Your input will help us to look to the future as well as help to shape our direction on how we attract more business to help support you. I'll be asking this same question of all our residents as well but really want to hear from those of you that have direct investment in the community. Please send me a note at mavorvhf@frontiernet.net.

As always, keep informed and stay involved in your community.

Regards,
Rick Milne
Mayor, Village of Honeoye Falls
