

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

December 5, 2011

Dear Residents,

As the busy rush of the holiday season is now upon us, there are some reminders and notices that are important to send out. As of today (Monday, December 5th) the Villages leaf pick-up program for the year is complete. We will not be picking up leaves after today and it is the responsibility of the home owner to dispose of any further rakings. Please do your part to help our staff keep sidewalks and walkways clear of snow and ice in the upcoming weeks.

This coming Saturday, December 10th at 6:30 PM the Honeoye Falls Fire Department will host its annual Christmas Holiday parade. This has been a great event for quite a few years and really helps the community kick off the holiday season. Along with the wonderful holiday decorating that has been completed by the Village staff and ROTARY Interact volunteers the Village of Honeoye Falls will be the place to be Saturday evening. Come out enjoy the parade, bring your children to see Santa at the Firehouse after the parade or just enjoy a stroll through our beautiful down town. It's our hope that businesses will also help the celebration by offering hot cocoa or treats for those watching the parade.

The Village office will also open after the parade is over and there will be various home-made chilis available along with bread and drink for those that want to stop by. These chilis will all be home-made and donated by Village employees and free for those who'd like to stop by and have some after the parade. We expect a chilly night so grab some chili to warm up with! One way or another, enjoy this wonderful parade and our thanks to the Honeoye Falls Fire Department for hosting this incredible community event.

Rick Milne
Mayor, Village of Honeoye Falls
