

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

December 27, 2011

Dear Friends,

The Christmas Holiday push has quieted down and the anticipation of the New Year celebration is strong. This is certainly a busy time of year and often not the relaxing time that we think about spending with family and friends.

As the end of 2011 grows near, I want to thank the Village staff, various board/committee members and the Village Trustees for the great effort you've all put forth this year. The planning and cooperation you have all provided has continued to move this Village forward. We are poised to continue and also begin some great programs and projects which would not happen if it weren't for the incredible staff and various board members we have. This is a great village and a great place to live because of all your efforts.

To our residents, business community, and to the various community organizations that help this Village and general community be what it is; I thank you! You help guide us, help push us forward and help to keep us moving in the right direction. I look forward to 2012 with great anticipation and knowing that the community will continue to work together to move forward in a positive fashion and to continue to be a community that people want to be part of, to raise a family in and to do business in.

All my best to you all,

Rick Milne
Mayor, Village of Honeoye Falls
