

# A VIEW OF THE FALLS

## Office of the Mayor - Richard B. Milne

March 21, 2012

Dear residents,

Yesterday, I learned that on Monday evening (3/19), there were a series of break-ins or vehicles possibly left unlocked that were entered with items being stolen in various areas of the Village.

This is being investigated by the Monroe County Sheriffs Department and we ask for your continued support. It is imperative that you be vigilant in locking all vehicles, garages, sheds and dwellings when you are not at home and in the evening. It is important that if you hear unusual noises late at night, see individuals or vehicles in areas that they normally wouldn't be or that seem especially suspicious; PLEASE CALL 911 and report this. Please watch out for your neighbors, pay attention to barking dogs or noises that seem unusual. While we certainly don't want to spread panic, we do want to support our community members and the Monroe County Sheriffs in this.

Rick Milne  
Mayor, Village of Honeoye Falls
