

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

December 21, 2013

Dear Friends,

I have been contacted by residents that wish to come together for a candle-light vigil to pray for and remember the SandyHook, Connecticut community. With that, there will be a gathering this Saturday evening (12/22) at 6:00 PM in Harry Allen Park.

This community gathering will be a simple effort to come together for prayer, silent meditation and comfort. If you wish to take part, please bring your own candles and dress warmly as the weather is supposed to be turning very cold.

We appreciate those that are trying to bring this effort together and hope that through this holiday season we can all keep those who have suffered through this tragedy and others in our hearts and prayers.

Rick Milne
Mayor, Village of Honeoye Falls
