

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

January 28, 2013

Dear Friends,

On Wednesday, January 23rd the first open public forum on the Village's Comprehensive Plan took place. Approximately 50 people braved single digit temperatures to meet with the Village Planning Team to openly discuss both positive and negative aspects of the village as well as opportunities and threats to the future vitality of the village.

Attendees viewed 80 slide photos of various types of businesses and the aesthetics of the buildings pictured to offer opinion and a survey was conducted while the photos were being viewed to help the planning team get an idea of what the residents and business/property owners in attendance felt while viewing the photos.

We appreciate the important interaction that took place and the involvement our residents and property owners want to have in this process.

Rick Milne
Mayor, Village of Honeoye Falls
