

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

January 2, 2013

Dear Community residents and business owners:

I've been informed and provided a copy of a flyer being posted around the Village. I would like to clarify a point; the Village Board of Trustees will NOT be voting to change any village code regarding drive thru restaurants on Monday evening. We will be discussing the topic of a code change but no vote can occur without a public hearing which would not occur before our September Village Board meeting.

Contrary to what is printed on the flyer; the only discussion will be to consider bringing this forward to a public hearing vote in September.

Our board meetings are always open to the public and I appreciate your comments at mayor@villageofhoneoyefalls.org

Our meeting is Monday evening at 7:00 PM and the topic of code changes are the last topics on the agenda.

Rick Milne
Mayor, Village of Honeoye Falls
