

# A VIEW OF THE FALLS

## Office of the Mayor - Richard B. Milne

August 22, 2014

Dear Community Members;

The 2014 Making Strides of Rochester campaign is underway. This is an annual walk to raise money to fight breast cancer and we are starting a team that we hope will represent the Honeoye Falls, Mendon, Lima and HFL School District Community. **We are calling the team the HFLM STOMPERS. A community walking together to STOMP out breast cancer.**

T-Shirts are being designed and corporate sponsors are being solicited. Our goal is to raise (at least \$3000.00) in our first year and we hope much more. Every bit as important is to get a large contingent of our greater community to walk together and have fun raising money for this great cause.

Please click on this link [American Cancer Society - HFL Stompers](#) Go to our page which is still being developed and sign up to be a member and donate! We will also want to know your contact info so we can email you as the progress on this event develops.

Help us be successful in our first year! If you live in Honeoye Falls, Mendon, Lima or are part of the HFL School District...join us. Heck, if you aren't from the local community, you can still join us! We want this to be a community event, please consider being part of the HFLM STOMPERS!

Mayor Rick Milne
