

# A VIEW OF THE FALLS

## Office of the Mayor - Richard B. Milne

March 13, 2015

Community Friends and Followers:

I want to provide this update and news of support for our friends at Add-En-On Kennels. I spoke directly with the owners today and they are doing very well. Incredible progress is being made and I must say they are very happy that Fiona Swaenepoel and Southern Hills Insurance has been there for support.

In speaking with the owners, they are overwhelmed by the support offered by this community and thank all for their thoughts, prayers and offers of support.

One idea and suggestion from Mr. Bruce Coates (Owner: Add-En-On) is that they'd like to create a memorial garden on the site that will be there to honor the animals and their families affected by this tragedy. We would like to support this effort and I'm happy to announce that The Kade Project will be the official conduit of fund raising and channeling of the funds raised for this Add-En-On Kennels project.

This effort will take time to plan and those that want to be involved in that process will be welcomed. This process will begin after other aspects of the clean-up and redevelopment are taken care of and we will reach out when appropriate to those that may be interested in active participation. If you are interested please email me at ([mayor@villageofhoneoyefalls.org](mailto:mayor@villageofhoneoyefalls.org)).

In the meantime, any donations to this Memorial Garden fund can be channeled through The Kade Foundation. This is a not for profit group in Honeoye Falls and 100% of the donations will go directly to this project. Donations can be made via check or through pay-pal. There will be a specific account set up (TheKadeProject/Add-En-On) that funds will be channeled to. Please go to ([www.thekadeproject.com](http://www.thekadeproject.com)) to donate either via pay-pal or via check to the address given.

We are very excited to support this project and the Add-En-On family!

Rick Milne, Mayor  
Village of Honeoye Falls  
1st Vice President - New York Conference of Mayors
