

A VIEW OF THE FALLS

Office of the Mayor - Richard B. Milne

January 29, 2016

Dear Friends:

This coming Saturday evening (1/30/16) from 7:00 PM – 12:00 AM there will be a fund raiser in support of Austin Blodgett. Austin is a student in the HFL District and lives in Lima. Austin was diagnosed with Alagille Syndrome which is a rare, inherited disorder which is very hard to treat. Please see the advertisement below for details. This community has always shown its support for those in need. Let's do it again and support this cause and support Austin Blodgett and his family. Let's show once again that our community cares and helps one another when needed.

Alagille Syndrome is a rare, inherited disorder in which bile flow from the liver is decreased and there are fewer than normal bile ducts. It affects the liver, digestive system, heart, circulatory system, kidneys, renal system, lungs, pulmonary system, brain, vascular system, and the skeletal system. Making this disorder very hard to treat, since no two cases are the same.
