**Youth Workshop Summary**

# Honeoye Falls Lima School District Youth Workshop Results

March 4, 2013

## Class #1

### Likes

- Small, everyone knows each other
- Harry Allen Park – great place to meet up, good basketball court. Go there 3 to 7 days a week in good weather
- Safe here, allows young people to be more independent
- Close restaurants – can walk to Guida's
- More family oriented community (smaller school system, allows you to know more people)
- Pride in the school & activities
- Community is supportive of activities – skateboarding for example
  - If something goes badly, people rally around each other
  - Plenty of jobs for young people – like that the school offers jobs too
- Fall weekend & the various parades – allow you to see whole community
- There is a lot of support for youth athletics from parents (pre-high school)
- Like the Village's Facebook page

### Dislikes

- Not enough additional restaurants (fast food)
  - Only pizza is readily available for cheap & easy food
  - Not enough variety
- Lack of cultural diversity
  - Very homogenous community
  - Don't learn how to interact with people different from yourself
  - May be due to high cost of living, only certain people can afford to live here
  - Maybe implement an Urban/Suburban Program in the school
- There are limited activities for kids ages 7 – 14
  - Maybe develop after school or summer opportunities to learn code or to monetize technology
- No close summer camp – expensive to go & hard to get to
- Fire department not allowing bonfires behind old mill
- Dead animals on the side of the roads outside of the Village

### Where do you see yourself living in 10 to 15 years? (What profession would you like to be pursuing?)

- Vermont, have friends there (Environmental Science or Cinematography)
- South, maybe North Carolina since I am going to college there. Plenty of research opportunities (Biology)
- NYC (Photography or Fine Arts)
- Small community like Honeoye Falls (Math or science related fields)
- Honeoye Falls (Military first then come back here)
- West, maybe Colorado or Oregon (Physical Trainer)
- Washington State (Snowboard Industry)

- No job opportunities
- Small school size makes it hard to compete against bigger schools

**27. My biggest concern within our Village is: (please be specific)**

-Maintaining local businesses as viable. The idea of fast food! It would be great to see downtown shops filled again, but understandably with the economy it's difficult for a small business owner. unfilled stores downtown. No concerns at this time. No true park space in which to just

sit + relax + socialize without the noise of team sports or loud voice of coaches. How about park space +/or perhaps tennis courts or maybe bowling green for older ones - or some such social recreation for those beyond childhood? Having to move out because of advanced need for senior care. Empty former GM bldg. Lack of jobs for youths in Village. [DID NOT SEE BACK PAGES] Wish coffee shop were open on weekends + at night. Drainage. Many places are too wet! SIDEWALKS - LARGE OLD TREES NEED TO BE REMOVED. Inadequate storm sewers, causing basement flooding one year and making homeowners (at their expense) seal up sewer drain which now does not allow water to drain from basement. 20 year olds hanging out in the playground behind FPCHF after dark. Continuation of phase 2 library project. Vibrant downtown. Not being able to tie the sump drainage into the storm sewers. No drive-thru or fast food stores. I would like to see more retail downtown not only for a more pleasant appearance and variety of goods but also to offset taxes; same for small industry such as GM and Stever Locke. Industry should not be obtrusive in character, however. To have new business come into the Village that give it charm. Main St. and Village homes are not being kept up the way they used to be. e.g. Oppedisano's Bootery. 93 Ontario St. Lack of business. A bit lack of interest when it comes to recreation! The business closings. Vacancies. Lack of recreation opportunities. Not supporting growth opportunities. Teenagers in the summertime and vandals. I worry every year when the weather warms up. School taxes Bringing a company in to fill the GM plant. Too many empty buildings on Main Street. We need more retail businesses. lack of police presence to enforce speed limits & drug activity, loitering, graffiti. Traffic and vehicular speeding. Becoming too commercialized. Growth is inevitable and while we need some growth the small town village atmosphere is what we love. Our youth would greatly benefit from some type of a recreation center or theatre in our local area. The potential loss of its uniqueness, small town charm. Encouraged retail should be small, non-chain, locally owned businesses. Niche businesses, creative ventures. Not letting new business in. No fast foods. No drive by (Did not see back pages) Would be wonderful to have a YMCA close a few more stores etc none No establishments open past 10pm, bar noise after midnight on week nights (Cosmos) Lack of affordable senior housing. Would like to see affordable senior apartments - not low income. Lack of effective, diverse senior citizens organization. Lack of businesses staying in Village, we seem to only have pizza parlors and insurance. Where are the artisan shops. We've lost quite a bit of commercial & industrial business lately (last 10 yrs, GM, 3 car dealerships, drugstore, florist). It would be nice to see less vacancy. [#25} Ambulance - charges too high. [#26} There seems to be too many teens getting into trouble (how many teens should be getting into trouble?) Would like to see a walking + exercise trail for seniors. || too many empty buildings Taxes. My wife and I attempted to purchase a \$150,000 home and the taxes were @ \$5400. That amount put the home out of reach for us. I understand the need and services we get for taxes, but that is a little much. A lot of vacant retail/business spaces. Lack of competition for some local stores allows for overpricing!! A chain store/restaurant may be able to accomodate ups and downs of economy where a mom/pop store may not be able to. Lack of businesses to attract residents and visitors. [RE:26] NEED INDOOR ACTIVITIES FOR LITTLE ONES! Maintaining the local character (locally-owned businesses). No cookie cutter houses. The sewer/water treatment system is not adequate for the amount of housing + businesses in the village. Improvements need to be made. Allowing big businesses and chain restaurants to take over. Why not put a "burger shack" over by the bowling alley for those families who need that convenience.

Residents are not as connected by school, faith or common interests as in the past. Would suggest a listing of volunteer opportunities for people to check out. Traffic on East Street during school days. Nobody stops at the 4-way stop sign. "politics" promises not kept, threatening messages, lack of information. - developing it's own identity w/features to support & attract the community to sustain commerce. -Lack of businesses - retail & restaurants ex:(Tim Horton/Subway/Dunkin Donuts). -Motorists don't stop for pedestrians in crosswalks. positive solution for the old library building, and encouraging additional small businesses to fill our currently vacant commercial spaces. Lack of diversity in dining/businesses. Declining enrollment in schools. Replenishing tax base w/o destroying character OR inviting major retail brands. Keep local, family-owned businesses alive!! More local recreation may help local businesses. [DID NOT SEE BACK PAGES] Empty store fronts and amount of rental property (appears to be low rental rates -> low property value). [DID NOT SEE BACK PAGES] Traffic on Ontario Street. Vehicles drive too fast and don't come to a full stop at sign @ East Street. Vacant stores on Main St. Less of GM people. High paid unnecessary position of Village Administrator who could improve his people skills. We do not want any BIG BOX or commercial retailers. LOCAL!! Also do not want Flahertys taking down the walnuts. Village trees hanging over our roofs. Senior housing not affordable for average couple. Empty storefronts on Main Street. The architecture both new and historic in Honeoye Falls is a unique and valuable asset that is a important part of what makes the village special. That architecture helps to define the Village's unique community. My goal is to educate, inspire and encourage the appropriate architecture in the village. My biggest concern is inappropriate development/architecture. {DID NOT SEE BACK PAGES] Empty store fronts and decaying buildings. Closing businesses + empty stores. My wife + I are moving to Victor (into a townhouse \$300k) (farther from our work locations) because HFalls planning board. Not admitting or encouraging the building of patio homes/townhouses. I would like to see a taxi service owned locally that could transport people w/medical issues to appts in Rochester. There is no other attraction to keep people coming back. We do have family and school, which is great. But we need businesses (manufacturing, high-tech, engineering) to attract. Village officials do not listen to community members. Small business will disappear for lack of customers for their prices can not compete with the giant stores. excessive growth potential and taking the focus away from the community feel and local business Owners of dogs not picking-up dog shit on lawns and not obeying the leash law. Poor storm swere planning. Expansion of the library. I see people swimming in the creek throughout the village. Is it safe? Fear that Walmart, McDonalds or like businesses will come. Drug use. Empty store fronts. Unwanted NOISE. eg Snow removal equipment operating way to early in the morning. Unwanted music broadcast at certain times of the year. Rise in crime getting to much traffic - Area roadway not wide enough for bikes from traffic light in Village to car dealers. Lack of storefronts in the village. Would like to see more businesses (bakery, wine bar, etc. Regarding brush and leaf pickup - Property is half in Monroe, half in Livingston. Keep a small community. Lack of affordable senior housing when downsizing. If I want to own a place my options are small and may force me to leave the area. Empty storefronts. Empty factories - GM Plant. High School tax. High county tax. Senior housing. Local jobs for our teenagers. Hard to answer as I feel recreation is such an individualized thing. I would think people would seek out their needs in that respect. The parks are great, hiking trails, etc. Is that enough??? My concern for the village as it becomes a more desirable place to live is that there are

enough jobs + opportunities to keep a future of residents happy to be in Honeoye Falls. The lack of businesses downtown (open storefront) also GM leaving town and having an empty building like that of Star headlight. Flahertys restaurant needs privacy fence around trash and garbage barrels! and more trees around parking lot. Village business not staying in business. Development -> Especially commercial. I think we should focus on local businesses and how to sustain them. Stay away from chains. Keep open space. School taxes are too high. Not enough jobs. Excessive speed (cars-trucks) on my street. Lack of enforcement of speed limit. Unmanaged growth. I came from Northern VA. where growth overwhelmed schools, road, etc. Don't lose the character of HF!

[RE: 25] I WISH THERE WAS A WAY TO NOT CREATE THE MOUNTAIN AT THE END OF MY DRIVEWAY. EVEN AFTER I HAVE IT PLOWED I SOMETIMES CAN'T GET OUT. SIDEWALK PLOW TAKES OUT MY LAWN. [RE: 26] IT'S LEFT UP TO THE SCHOOL IT SEEMS. That business can't make it here. I've seen so many come & go. Also I love the idea of a recreation facility that offers fitness, yoga, indoor exercise & activities. I think our kids don't have enough to do if they are not involved in sports once they hit high school. Most of us (I think) are active professionals who would like to stay local but find it hard to accomplish it all here. Room to move about. Vacancys in downtown buildings. Graffiti to local historic buildings. School taxes keep going up. Big Box stores coming in - no school taxes. Limited sherriff services from Monroe County. It would be nice to have a town Sherriff as we did years ago. Kids hanging out at Harry Allen Park selling drugs & loitering. Skateboards on Main Street. filling up village storefronts w/ retail Empty store fronts and buildings We do not have a concern! Vacant storefronts Government regulations. The code is contrary to life in a free society. Everything should be permitted, except the short list of denys. Instead, everything is forbidden, regulated and controlled. Ruling on signs, size, lighting & location. Sq. Footage of commercial blds., etc. Not enough patrols by sheriffs & troopers for speeding on village streets. YOUTH OPPORTUNITIES. ELDERLY INVOLVEMENT WITH YOUTH AND VICE VERSA. SEGREGATION OF THE ELDERLY TO OUTSIDE THE COMMUNITY. MORE PEOPLE LIVING DOWNTOWN. BECOMING ANOTHER HENRETTIA That we as a village will cave in to the desire for a "quick fix" from chain stores + big box stores. We need local owners, not McDonalds; we need diversity, not the same company owning all our real estate! Just a comment - I love my village, so I did this form. But an anonymous online survey - not one from my email account..would get you many more responses. No town rec. center (indoor) and need to develop trails. The [tax?] increase every year. The lack of law enforcement. It takes too long for Monroe Co. Sheriffs to get here when needed. Speeding on Main Street + people talking on phones while driving. Teenagers hanging around behind the shops. Would love to see a family centered rec. center similar to Pittsford YMCA or Penfield Rec. Center. Located centrally (maybe near BrewCrafter's area)! Lack of speed control on Monroe St, after Maplewood + Monroe - we need double yellow lines - people always passing on both the right + left of turning cars to the Village limits. Empty store fronts Not enough small businesses. Drug + alcohol usage by underaged students. Taxes are too high. That it might lose it's small-town feel. There is little for young people to do (Allen Park is nice) Maintaining a vibrant commercial district at the four corners. #14 Neighborhood - Too noisy, like a dock! Too many 'Yacht' and rec vehicles, campers, etc. Golf carts - all hours up + down village rds. Loud cars. Campers + boats take away the "small" village life style. Loss of business to draw people here. Trying to commercialize the Village character with agressive growth plans. Gas leaks near homes (old pipelines) Not a lot of voice from those truly

in Village - more (maybe too much opinion from those immediately outside. I'm getting old and transportation is slowly becoming a problem. The sustainability of businesses on Main Street. Increase in taxes - stop spending - all you see is new equipment. Why water flowers when it is raining? Remove Village administration. What did this survey cost? Taxes. The increase in the last few years is a staggering percentage. While the village is beautiful and well maintained, there must be a way to hold spending. Individuals have to adjust, municipalities must also adjust. Some of the store fronts need upgrades Drug use in the park. Commercializing the area, bringing in too much traffic. Empty storefronts on Main St and lack of retirement housing as our population ages out! [FROM #24 - Given this is NY State, compared to other states the comb. of village only, school tax is outrageous.] Loss of Village character due to growth & loss of Main St storefront businesses. There is no where for the kids to go and get a burger or something they can afford. They have to drive 15 min each way to get something. would like sidewalk on Hyde Park Sign ordinance does appear to be evident to restate brokers or followed/enforced [???]. The Section 8/low income housing is bringing in lower class crime. The lack of adequate law enforcement with the increase of these families is beginning to raise crime, which in turn lower housing value and, in the long run, cripple this peaceful Village. There will be no place for me to go if I don't want a townhome or apartment when I get older. I am not poor, am not ready for Pinehurst and don't want to share home with someone else. We need patio homes. Something should be done. Living next to a house with boarded windows, falling down porch, uncut lawn (most of the time), untrimmed shrubs, paint peeling etc. Living across from house with a continuous dumpster on premises. (3-lasting longer than six months at a time. Wild shrubs etc. We are way too strict about letting new business in our town. Our efforts to keep the village "quaint" may be its demise. I shop locally only because its convenient; our stores are not that great! Lack of growth Big Box and development not consistent with the historic character of the Village. Viability and strength of businesses in center of the Village-new development at edge of town may effectively shift the Village center and make it even harder for businesses to remain open. Village has great potential to draw in people who don't live here, but needs a strong marketing plan to do so. I don't have any concerns. empty buildings on Main St. Drug deals taking place in parks All of the power lines/poles degrade the old town look. Brick roads down town along with slower speed limit make it more walker friendly. Politics Pedestrian/bike access and graffiti. The Four Corners sidewalks are blocked by utility poles and other structures - hard to pass through with young children in bike trailer or wagon or on their own bikes. The sidewalk over the creek is very narrow (north side at curve) and dangerously close to the road (both sides). Feel unsafe crossing the bridge when trucks are passing, especially in winter months. Would like to see a pedestrian-bike-only bridge over the creek (would Dr. Ness give an easement?). We need more sidewalks, like on both sides of East Street. Also need them to connect, like on Paper Mill the sides walk ends at a fence. Also concerned about graffiti and similar damage. Would like to see cameras installed around the village, maybe with video monitors in the local bars (Brewery and Cosmos patrons could be citizens-on-patrol while sitting on their bar stools). Residents who allow their structures (homes and barns) to deteriorate (demolition through neglect). I think we need to have a way (historic preservation) to prevent the loss. Skateboarding. Kids hanging out in park. Taxes are to high Big box moving in. Drive-thrus, chains We need to keep the small town feeling here in Honeoye Falls. If drive thrus are allowed it must be a local business owner. May lose its character. None All the empty buildings on Main St. Bloated

Village and school budgets. The Village leaders' frugal approach to Village government that used contractors to provide services such as sidewalk maintenance would save the Village money. We hired too many Village workers who lack skills to do everything and this approach costs more money. The costs are higher and the quality is poor. There are too many Village workers standing around watching one man do the work. What we need is to have Muffy back in office. The inability of small businesses to stay open within the Village. I would like to see equipment at each playground for children with disabilities and we would love a community pool. Pedestrian safety - too much speeding and driving through sidewalks when occupied. Continued emptiness of businesses on Main St. Need for local small shops. Driving in the winter when one can't see the yellow lines. Crossing the Main Street in winter and during rush hours + during other seasons of the year (on foot) Please keep out the "big box" stores/changes the reason why people love living here is because of the small village feel. The size of the school district. Any increase in students will be a tax on the rest of the community along with a likely deterioration in student care. If we don't attract more businesses or retail, the Village will slowly die. We need to attract more businesses for local employment. Tax rate too high. Employee wages - \$90,000 salary for one person. Lack of budget online available. Code enforcement inconsistent. We do not have a concern! Loss of good shops in village with duplication of similar retail facilities. None The number of vacant commercial buildings. Lack of jobs/declining industrial base. High taxes compared to other like communities outside of New York. That we fail to take action to keep our present businesses. Please, no: Walmart, fast food, more apt. complexes [DID NOT SEE BACK PAGES] We need more businesses downtown, cute shops, bakery, etc. Also a community center for our youth!! Remain safe, secure, clean and strong/stable village/town. Being fair to small businesses. That it maintains its historic + rural, small village character. Definitely don't want it to be destroyed by the type of traffic that exists in the village of Pittsford, or by cheap, nonhistoric looking apartments/condos/houses. Global cultural awareness. Plight of small town to have successful local business/retail The loss of the General Motors plant + inability to get more light industrial plants to build here. Concerning taxes-too much time/service on sidewalks snow removal/weed removal-blow off! Home owners should be responsible. Wasted time/resources and tax money on snow removal. Small shops in Village downtown are vacant. We are a 'drive through' bedroom community. People need to be able to park and walk around Village to access shops/businesses and spend. No real concerns Getting the "right" businesses into the village. All my kids are out of the house. Don't live here b/c can't afford taxes or housing. [re: housing] own by yourself not big developer. No housing for downsizing. Good people have to move elsewhere. Pinehurst is great. Would like to see more light industry + more retail stores. No fast food chains needed. Regulate amount of housing built at once but keep green space, traffic concerns in mind. Lack of retail. Many stores closing along Main St. Would love a cafe with outside tables in center of town. Would like to see more concerts @ Harry Allen Park in summer. [FROM # 18 - I like to go to Pittsford (where I lived most of my life)] Dogs! (Great code enforcement/but between the poop + just having owners who think you should have to get out of their way when walking makes me not go out. Need a lawyer, insurance or pizza? No problem! Most other needs go elsewhere. Downtown vacancy big empty (Village square) archaic. Zoning and planning need to attract business, not discourage. We do a poor job of promoting our own village and encouraging new businesses to open. lacks retail choices, coffee shops, diners etc Taxes - School + county. Can I afford to live

in HF during retirement? Mayor's integrity. High taxes Esp School/Property Why pay so high when we have no children in school Keeping successful businesses on Main St. Empty buildings. Lack of recreation for kids. Taxes will force people to leave especially those on fixed income. Gov't spending needs to be held in check and increases not passed along to consumers as in the past. Empty buildings - take out mostly pizza and greese. Not a concern, but would like to see a community rec-center. Main St. has few retail businesses. There are mostly legal + insurance offices. Not having a "Stop & Go sign" on South Main by Rite Aid. "Pedestrians," that is. Lack/loss of local business - we became a "bedroom" community. My neighbor...but he is moving...hoo ray. Alcohol abuse and poor parenting. Need a good place for kids to interact - YMCA? Not enough rental options. that it will outgrow it's roots! would like to keep it just about like it is! There are so many generic places with McDonalds, Walmart etc. Let's keep our Village unique. Failure to bring in large retail & food stores Local crime + loitering Lack of businesses Not enough businesses to help with the taxbase. Lack of marketability/branding. Supporting and maintaining locally owned smaill businesses to compliment our rural and historic community character. School taxes too high. Very poor sidewalks. Animal control is very poor. I'd like to see a McDonalds, burger King, Subway, or Kentucky Fried Chicken come in the Village! We have too many bars and no good places to get something to eat on Sunday evenings! Empty storefronts + empty factory. Some politicians are not in it for the right reasons. Supervisor seems very self-serving. [DID NOT SEE BACK PAGES] The excessive outlay for Village labor and equipment, specifically labor related to the Department of Public Works. It seems, for the amount of area the Village is responsible, we have a lot of employees tending to items that could be completed in a different more efficient and cost effective manner. drug use among young people Decay of Main Street Tax costs going up. Speeding bars on York St. Wandering teens. Increased Main Street traffic. The cost of taxes to live here. We are looking to move to Victor due to good schools and cheaper taxes. Businesses/stores moving out leaving a "ghost" town. Loss of key services/stores like a grocery store, pharmacy, banks. Skateboarding. Rock trucks going through town (heavy equipment, dust). Kids congregating late at night in parks. I feel that without allowing some different type of businesses to be 'allowed' to come into our village - to fill some of the empty spots or build on some unused land - our village will slip into 'no man's land'. We should be more open minded without losing the small town (village) atmosphere. We need more businesses to help with the tax base, to keep families moving in, and to make this a place people want to come to. No, I wouldn't like to see a big box store come in - but there are many smaller businesses which could benefit and we could too. You have to 'give' to 'get'. Loss of businesses Businesses moving out like Lima and other small towns causing a decrease in property values. Keeping it's small town feel. Lack of enforcement on Hyde Park. Too many speeders-very dangerous for kids/walkers. esp the kid that drives the orange Mustang. Empty retail space downtown. That it will loose its character Loss of business, population won't be able to support the Village storefronts. Future plans for W. Main St. by plaza? Combine Village + Town workers for cost savings. Getting regular updates from Town + Village as to what work is being done where + when. can't think of anything. Growing larger than it is and bringing in large business. Lack of storefront pride. Police patrol of kids buying, selling, using drugs. Lack of commercial/Industrial businesses to provide for revenue. That it is only a matter of time before Walmart, Mcdonalds, etc. are allowed to build in/near HF. There is not enough here. People have to go to Henrietta or Victor to do most

shopping. While there are a few places to eat it would be nice if there was some variety. A coffee place with a drive-thru would be fantastic. Outside of the bowling ally and bars there is nothing to do here. There is no place, outside of the school, for the teenagers to meet in a building + for dances/weekly, movies, old fashioned soda shop. Due to lack of funds, Totiakton Manor still needs the parking lot paved, sidewalks replaced, apts painted inside + out, as well as other inside modifications to make life easier for residents. Market store prices high! Losing the rural flavor. Keep the big box stores away. Erosion of small businesses in the Village center. Many of the Village and Town's small business owners have chosen to live where they work. Those local merchants and small business owners contribute an unparalleled amount of resources (both time and capital) towards augmenting the vibrancy of our community. Our rare Village is in danger of becoming Anytown, USA if we do not work collectively to attract and bolster small businesses within our Town/Village. We need opportunities for teens within the village. #25 Do not fix lawns. || People putting trash out on other peoples property [DID NOT SEE BACK PAGES] From #20 (Village code) The entire process needs to be scrapped. From #26 - Leading question. || With energy prices rising, we're going to lose our tax base without allowing the chain stores. Replacing the Vacated GM Business. Teenage Youth Hanging out at Town Parks (Pot + Alcohol) Illegal Parking on Main Street at Night Empty buildings/loss of businesses downtown Not a big concern instead a big disappointment that the "on the hour" + 1/2 hr" bells don't work or have been made inoperable - it's a great village character & sound. Marketing our village. Stuck in the past. You can have historic value + charm + incorporate modern amenities + conveniences. I don't have time to drive to Henrietta for birthday presents + other shopping. But, must. absence of one story homes for empty nesters. Taxes are too high! There is no reason to get out of your car to shop on Main St or just to walk and look in the windows of the shop. Moving ahead with a real regard for maintaining the uniqueness of the Village. Do not believe when you choose to live in this size village that you expect to have all services and consumer needs provided for. Would not like it to become another version of Victor. Continually increasing property taxes, due to the school districts various unnecessary projects. (removal of trees behind HS track, expansion of athletic fields, parking lots, etc.) There is not really any system in place to deal with non-emergency problems. For instance, people burning garbage at night, kids egging houses, and other such after-hours "nuisances", so to speak. (These are real examples of problems I've encountered in the past.) - Keeping the Main Street building alive with vibrant businesses. - I do not want it to be filled with commercial businesses that are ugly and sprawl 1,000's of feet. - Keeping open spaces for trails and to view the falls + parks that already exist. Lack of storefront pride. Lack of construction company pride (see Norton St.) Not letting different business in. Increased commercialization Vacant buildings. General appearance. Open space i.e. parks for walking. Need for a comprehensive plan, sense of direction. Over abundance of teachers at school. is not enough shopping to fulfill needs Speeding on Maplewood Ave. Please put up more speed limit signs or install speed bumps. This is a serious situation getting worse! We also have a bad drug problem in the Village. Maintaining village atmosphere Recent graffiti on buildings. Drug use - selling in park. Use of downtown buildings, vacancies, cost of maintaining old buildings and real opportunities for development of these properties. Being able to attract and retain commercial businesses of an appropriate scale without daytime employment base to help support it. Maintaining businesses. -alot of vacant stores. -a few stores closing w/in past few years. Drugs Taxes are too high.

Empty Store Fronts. Lack of growth. Dwindling tax base. Empty stores - lack of variety of stores  
It would be nice to have more streetlights on, sidewalks are sometimes dark. The affect NYS  
government has on the village. Too much rental property specifically the Condominiums off Norton  
Street. I think they would be better kept up if they were privately owned. The rental property on W.  
Main just above Norton is not well maintained - houses in need of paint, broken fences. So far the  
condos are kept up but this may not continue over time - as with the Main St houses. Please  
remember that we are a village not a large town such as Greece or Gates. Anymore housing or  
further development will only turn this beautiful place into a nightmare i.e. traffic & crime. Please no  
more low income housing. This village is slowly losing its quaintness and appeal. Don't let it happen!  
If so, change our sign to "Welcome to Greece". It's too busy already! Central Business District  
vacancies. The sewer system is ancient and fragile and in dire need of replacement. Please,  
please, please don't allow commercial business - No drive-thru restaurants - Keep our Village  
beautiful. Loud bar on weekday nights/early morning People getting along. The vacant  
buildings within the town. Wish HF would look to ideas from Pittsford as there town is also centered  
around water. loss of commercial businesses The loud speaker on HFL games that play loud +  
terrible music all afternoon or evening. The Peewee football is really loud in Fall. Otherwise we can  
handle the bright lights + some PA during game times - that is ok. Speeding on East St. There are  
too many vacant buildings/storefronts in the historic 'center' of the Village that have been vacant for  
years. Why? We need businesses big and small to support our tax base. We like the larger  
businesses on the fringe like Tractor Supply and A Plus. Although would not support a store like  
Walmart. speed on Ontario St. Vandalism in public areas Vacant store fronts. Lack of  
employment opportunities for graduates + high school students. Communication - Mayor's emails  
are greatly appreciated. It would be helpful to have regular village board reports in the Sentinel or in  
a newsletter either quarterly or twice per year (could be digital to save money, those without a  
computer could receive via US mail. Prefer newsletter-many do not receive the Sentinel) Many  
downtown stores are in need of repair/painting. Increased truck traffic. We don't seem to be attracting  
businesses to the downtown area. Don't allow any other businesses (ex. fastfood,) etc. Village  
wants to keep things minimal. \*Neede more retail\* A Walmart would of been a bonus in lima\*  
Traffic light main road Pine Trail Exit What happened to the chimes for time? In village the clock  
would chime each hour. It stopped : (. Please reinstate. It adds charm for the local village residents.  
[Did not see back pages.] Preservation of village character Business cannot afford to operate.  
Taxes to high so will move when I retire. Our downtown has very few businesses and it seems to  
be dying. Also - we need a double/solid line on Monroe St. Too much speeding + dangerous  
passing! The stop + go light at the corner of West Main + Pine trail very bad there. none Two  
fold. Rising taxes that make living in the community too expensive. Loss of the small town feel by  
either losing downtown business so it becomes vacant or the arrival of big box stores. Robbery  
and crime. too many empty buildings Keeping the small-town feel and look. The utility  
companies ruining trees to run electricity to a few big companies, but not taking the most direct route  
to minimize damage to everyone else's yards and street-trees. That it will get congested if it  
grows. Traffic at 4 corners. Parking - East Street and Ontario Gutters suck - don't drain.  
Flooding - sidewalks + in winter turns to ice. Hard for kids to go to school. Need some trees  
removed. Our kids don't have activities in the village to keep them out of trouble. A teen center  
with videogames, a pool?, movies..., anything to keep them busy! I wish there was a Wegmans.

traffic frm Village center light west to 15a. Master development plan. The building with good will store is too close too highway. I think you should move out the Village office, and use that space for everyone to use. (coffee shop) (recreation center) Restaurant. I think you should put a bike + walking path by the Creek. Increasing crime [RE: 24] SCHOOLS! TOO EXPENSIVE FOR FAMILIES. TOO MUCH PERSONAL COSTS! Schools! Need lockers @ manor to contain lice problems. Activities cost too much, school supplies should be covered! Priorities inside instead of how it looks on outside. Kathy Palmer needs to go!! Not enough food places besides pizza. Not enough recreation opportunities for kids. Need more athletic facilities. Balancing our existing character & ambiance with new growth. Need to create design guidelines to protect & enhance our existing atmosphere. Taxes, of course. Loss of business in the center of town. No place besides the bar for 20-30 somethings to hang out. crime and noise - tax burden - pressure to grow N/A [Did not see back pages.] Has somewhat lost its hometown feeling. Is growing to quickly with higher priced living accomodations, forcing people to move elsewhere, especially long time residents. To many pizza places. 4 empty store fronts. My neighbors, who are retired, are interested in having a store, like Walmart, nearby. They don't like driving just 20 minutes to get to one. My biggest concern is having a store like Walmart and fast food like McDonald's near by. I don't mind driving 20 min. if I need to go to these places. It stays safe, clean + small town. empty storefronts. Top heavy school administration. Could get more business if we add more busineeses that would attract more people to the area. getting GM plant filled [RE:25] MY ISSUE IS OUR 3 HOUSE WITH ONE LINE UNDER THE ROAD. If the new tax law passes (free for ten years) it will almost impossible to get any new business develop meet in any small village or town. Preservation of small village character; specifically, no franchised or big box stores. Also, aggressive tree removal or trimming by power company. For example, East St. was blitzed a few years ago, and will not recover in our lifetimes. Eliminating vandalism in Town + Village parks, churches and other establishments. Vacancies on Main Street: Types of goods offered in Village are severely limited. Can't find printer cartridges, e.g.; quality clothing; gifts, etc. Controlled, quality retailers to supply these types of goods would be most welcome. [DID NOT SEE BACK PAGES] "Keeping the Village" by controlling building + expansion. Need to expand retail businesses in downtown area for shopping. need more restaurants + stores. fast food (no mcdonalds) include garbage pick up and sewer for village residents as in other towns - like Spencerport etc. + they have lower taxes. Keep our Village safe from loitering and crime. Nothing at the time. Empty buildings - Lack of services for seniors - lack of transportation. Taxes are too high. Concerned I can't afford to live here after retirement. Overdevelopment leading to loss of Village's character. [DID NOT SEE BACK PAGES] Snow removal needs to be earlier. I leave for work at 6:30, run at 5 am rarely are roads salted plowed especially Ontario St. Would like more community walks. Over development leading to loss of village character. taxes and lack of business growth; At the moment, the loss of the GM Plant is and the impact on local housing + businesses is my greatest concern. There should have been a letter along with this w/explanation. We need a place for teenagers other than the parks. We need more cute shops so people come, walk the town, etc. Flaherty's was a great addition. Drive thru food would be good too. Moving here from elsewhere, we first noted that we missed having a town/village community pool/perhaps with rec center. We also find that many of our friends with school-aged children, incl. ourselves, need to sign up for Recreational programs in Victor, Pittsford or Henrietta and/or that any programs offered by school

are very "overbooked" b/c there are limited options (eg. cougar hoops, future) The Village not succumb to pressure from big retailers because of the current Economic climate. A person should be hired to promote and seek industry and small retail to enhance the life of Village residences + businesses. Lack of employment opportunities. Traffic through the Village - actually inhibits people from stopping @ the businesses at the Village center. Safety Keep Honeoye Falls small - just like our motto at church - "small town with big heart opportunities!" Speed control of traffic (No stopping at crosswalks, excessive speeding and aggressive driving). Overspending, we need fast food, more choices, the town is unfriendly, everything is too expensive. We go to Henrietta to shop. Slow response of ambulance. Open store fronts and no drive throughs. High taxes. Growing too large. It seems to me there is allot of negitive influences with some older kids around Harry Allen park. More drug activity then I EVER remember.

## **28. My highest praise for our Village is: (please be specific)**

-clean, well kept. -public places with attractive appearance. -flower baskets/flags are pretty. The school The small town feeling and aesthetically the Village is such a pretty town with the decorations, plants, etc to keep it seasonal, it makes the village feel "homey". Love the Christmas parade. Roadways clear of litter. Downtown lots of flowers. Parks safe for children. safety, street maintenance. The pride + pleasure most people have in living here in the atmosphere of "village". Can't get any better. Carl J. Arena I enjoy the open spaces and convenience of the Market. Nice small town. Where more than the required # of items are checked it represents the second person participating in the survey. Husband and wife. The character of its citizens. #13 - All of these are important. And the village officials do a fantastic job of keeping it clean and well-maintained. Public buildings, road, side walks, and school system best in the county. So well kept + immaculate - looks beautiful. I wouldn't want to live anywhere else! Great community. Beautiful decorations on Main Street year round. Cleanliness of village + streets. The Village is kept up well and services are appreciated. Charming, convenient. Friendly people, small town atmosphere. Small town feel & the way the community supports the school age kids. Small town atmosphere. Public Works! They do a fabulous job, from brush and leaf pickup + snowplowing, to the plants in the Village and the new flag/sitting area next to the community center.
